Discounts:

Apply a discount of 30% on the above fees for clients for whom we service a corporation

The small print:

- » We do all we can to keep your cost low. We will honour the above prices if you bring your information well-ordered. If not, we will ask you if you wish to sort it yourself, or may charge a small extra fee to do so. (Looking for help getting organized? We have something that can help! [CLICK HERE](#) for more details.)
- » "Simple" covers income from employment, pensions or government; charitable donations; medical expenses; disability credits; student expenses.

Business Owners:

- » Wondering if you should incorporate? We will review this with you at no charge. Feel free to call.
- » If you have your own corporation, ask about our bundled service pricing. You are free to keep business and personal taxes separate - but you may get a better result if we can look at the whole picture.
- » For unincorporated proprietors and partnerships: June 15 is the filing deadline for all tax and HST returns - EXCEPT for partnership HST returns (March 31). However CRA begins charging interest on taxes due, starting from May 1st.

U.S. Returns:

- » With regret - we can not prepare tax returns for U.S. residents or cross border commuters. However, if you are a U.S. citizen in Canada, we will be glad to prepare your Canadian return, and will work with a preferred supplier to ensure your U.S. tax needs are met.

"Early look" for cash flow or RRSP planning purposes:

- » Often, clients ask us for a "preview" of their expected tax position, to help decide whether to make RRSP contributions, etc. We will be pleased to do this at an additional charge of \$100 to reflect some duplication of work.
